Mr. Basil B. McGlochlin, Director  
Highways and Flood Control  
160 East 830 North  
Midvale, Utah 84047

Dear Mr. McGlochlin:

Salt Lake City purchased the water rights of the Butler Ditch Com-  
pany from the stockholders with the understanding that the old ditch  
right of way would be abandoned.

The intake in Big Cottonwood Canyon has been permanently blocked so  
that it should not be possible to divert water into this ditch in  
the future.

Sincerely,

CHARLES W. WILSON  
General Superintendent
