WATER RIGHTS

Dear Mr. Morgan:

I am writing to protest the change applications submitted by Mr. Wayne Grant Crawford. Specifically, application numbers 57-10140 and 57-10141 that were advertised in the Desert News on February 27, 1997.

We are protesting these applications because it appears that granting them may have serious negative impacts on the water quality in Big and Little Cottonwood Canyons. Our Federally legislated mandate to protect the watershed of Salt Lake City.

Sincerely,

MICHAEL SIEG
District Ranger
