Re: Incomplete GRAMA Request of January 30, 2008

Dear Mr. Niermeyer,

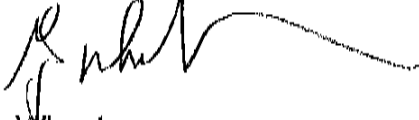

A-The response No. 1 provided a record from December 14, 2007 to August 15, 2005. Missing are records from August 15, 2005 through January 1, 1990. The response is substantially incomplete and untimely.

B-You responded with figures to items No. 1,3, and 5 for nine years, at the same time responded with figures for metered water sales for 18 years in the same GRAMA Response. What is the disposition of the 9 missing years? No water purchased? Missing records? Other?

C-Requests No. 2, 4, 6 appear to be jumbled together into one figure for each of the 18 years. The request was by canyon respectively for Item 2, 4, and 6. Where these figures are metered, would you please provide a transparent response to Requests No. 2- Big Cottonwood, No. 4-Little Cottonwood, and No. 6-Emigration, Parley's, Mill Creek, Red Butte, City Creek.

A copy of the January 30, 2008 requests are below for your convenience.

Thank you for your attention to this matter,

G. Wheeler

1-Copies of the records, documents, purchase orders, etc. supporting the water purchased from Metropolitan Water District of Salt Lake, or Metropolitan Water District of Salt Lake & Sandy for the City's purchasing of replacement water for the water sold or otherwise made available under contracts for surplus water use in cabins, snowmaking, or other use in Big Cottonwood Canyon during the time period of 1990 thru 2007 by year.

On the response to the request below, the figures appear to be incomplete. Are the figures sent for Big Cottonwood Canyon?

2-The amount of water sold or made available of surplus water use in cabins, snow making, or other use in Big Cottonwood Canyon during the time period of 1990 thru 2007 by year.

3-Copies of the records, documents, purchase orders, etc. supporting the water purchased from Metropolitan Water District of Salt Lake, or Metropolitan Water District of Salt Lake & Sandy for the City's of purchasing replacement water for the water sold or otherwise made available to under contracts for surplus water use in cabins, snowmaking, municipal use, or other use in Little Cottonwood Canyon during the time period of 1990 thru 2007 by year.

4-The amount of water sold or made available of surplus water use in cabins, in snow making, in municipal use by Alta in Little Cottonwood Canyon during the time period of 1990 thru 2007 by year.

5-Copies of the records, documents, purchase orders, etc. supporting the water purchased from Metropolitan Water District of Salt Lake, or Metropolitan Water District of Salt Lake & Sandy for the City's of purchasing replacement water for the water sold or otherwise made available to under contracts for surplus water use in cabins, snowmaking, municipal use, or other use in Emigration, Parley's, Mill Creek, Red Butte, City Creek during the time period of 1990 thru 2007 by year.

6-The amount of water sold or made available for surplus water use in cabins, snow making, or other use in Emigration, Parley's, Mill Creek, Red Butte, City Creek during the time period of 1990 thru 2007 by year.
