1 OF 56 ON STEERING COMMITTEE APPEAR TO THE LONE PRIVATE CANYON LAND OWNER.

Are government employees going to confiscate the 6,000 acres of private land in Big Cottonwood Canyon by denying their land water, access, and using law enforcement to ticket them off their lands? Cyle Buxton got 39 tickets so far.

Whose land will be confiscated next for some grand policy?

3 of 4 acres in Utah is government controlled. Is this the trend and policy we want?

Government employees regulating away the property rights of others without representation or fair compensation?

0 OF 49 ON THE TECHNICAL COMMITTEE APPEAR TO BE PRIVATE CANYON OWNERS.

LESS THAN 1% OF ALL THE PEOPLE DECIDING THE CANYON POLICY OWN ANY LAND. HOW CAN THIS YIELD A BALANCE POLICY?

DEMAND FOR SKIING WILL DOUBLE. SKI CAPACITY WILL NOT DOUBLE. THE LOCALS WILL BE PRICED OFF THEIR OWN MOUNTAINS AND MUST BE CONTENT TO WATCH NEW YORKERS ENJOY THEIR SLOPES.

.
57% OF BIG COTTONWOOD CREEK IS NOT TREATED. 100% OF MILL CREEK IS NOT TREATED. 50% OF LITTLE COTTONWOOD CREEK IS NOT TREATED. 3 MILES OF BCC IS DE-WATERED. 1.5 MILES OF LCC IS DE-WATED FROM OVER SELLING CREEK WATER FOR DOLLARS.

.
WE DON'T WANT CONGRESS CONTROLLING OUR CANYONS THROUGH MORE WILDERNESS.

.
DON'T WE HAVE THE CONFIDENCE TO MANAGE OUR OWN CANYONS?
